

Creating Pathways Workshop

Transition Planning for a Full and Meaningful Life

Are you a **parent** of a SickKids' patient with a chronic health condition and a developmental disability?

Thinking about your child's future as an adult?

Come to a 1-day event for parents of SickKids' patients with chronic health issues and developmental disabilities.

Get inspired, get motivated and get connected to make your child's future brighter!

Hosted by **Good 2 Go Transition Program, with Partners for Planning**

Who can attend? This event is for parents of teens (Ages 12-17) who have a chronic health condition and a developmental disability interested in planning ahead for their child's future as an adult.

What does it include? An all-day event facilitated by parents and professionals with expertise in transition planning for the needs of young people with disabilities and chronic health issues.

Workshops provided by:

- Parents of adults with complex needs who have built creative options for home and community for, and with, their adult children
- Financial planners and lawyers
- Healthcare providers and service providers with expertise related to funding, housing, and transition to adult healthcare for patients with developmental disabilities

When? Monday, October 30th, 2017, 9:00 am - 3:30 pm

Where? Daniels Hollywood Theatre, 1st Floor, The Hospital for Sick Children

Register by e-mailing good2go.requests@sickkids.ca or calling 416-813-5261.

Provide your name, name of your child, primary SickKids clinic or provider and your contact details (phone number and/or email) in your message.

Spaces are limited. Please register by Oct 20, 2017
