Dear Parent / Guardian,

Your child has been booked for surgery/procedure under general anesthesia. A preoperative assessment is required to prepare you and your child. You will be contacted by the Preanesthesia Clinic to arrange an appointment time to meet with a nurse. This assessment may be completed over the telephone or you may schedule a time to meet with the nurse in the Preanesthesia Clinic. You and your child will also talk with the nurse about the preoperative and post operative care that may be required for your child during their hospital stay.

This appointment is an important part in preparing your child for general anesthesia and may avoid an unnecessary delay or cancellation in your child’s surgery/ procedure.

If you have not received a phone call from the Preanesthesia Clinic 2 weeks prior to your child’s surgery, please contact the clinic secretary at 416-813-8465 to schedule an appointment.
