

Academic Productivity of Abdominal/GI/GU Fellows 2000-2009

Research Day Presentations

2000

Benjaminov, O. Title not available. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2000; April 2000; Toronto, ON.

2001

Causer P. Title not available. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2001; April 2001; Toronto, ON.

Ryan M. Dropped Gallstones Post Laparoscopic Cholecystectomy Mimicking Peritoneal Seeding: CT and Ultrasound Features. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2001; April 2001; Toronto, ON.

2002

Lee K. Title not available. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2002; April 2002; Toronto, ON.

2003

Causer P. Title not available. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2003; April 2003; Toronto, ON.

2004

Causer P. 6 Years Results Comparing Annual Breast Mammography, Ultrasound, MRI, and Clinical Exam for Screening Women at High Risk for Hereditary Breast Cancer. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Coret A. Does Severe Stress Increase the Size of the Adrenal Glands on Cross Sectional Imaging? Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Kim TK. Pulse Inversion Contrast Imaging of the Liver with Maximum Intensity Projection Processing. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

MacDonald B. Relationship between Vascular and Biliary Anatomy in Live Liver Donors. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Rao A. High Resolution Computed Tomographic Findings in Patients Exposed to Mustard Gas with Pulmonary Function Test Correlation. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Jang HJ. Enhancement Patterns of Nodular Hepatocellular Carcinoma on Contrast-enhanced Ultrasound: Contribution of an Extended Portal Phase Evaluation. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

2005

Ho A. Adverse Reactions to Iodinated Contrast Media: Comparing Iohexol to Iodixanol. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2005; April 2005; Toronto, ON.

Research Day Presentations

Jhaveri K. CT Histogram Analysis in Characterising Hyperdense Adrenal Nodules (>10 HU on unenhanced CT) with Comparison to Chemical Shift MRI. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Murphy-Lavallee J. Are Metastases Really Hypovascular in the Arterial Phase? The Perspective on Contrast-enhanced Ultrasound. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

Kim TK. Focal Nodular Hyperplasia and Hepatic Adenoma: Differentiation with Microbubble-enhanced Sonography. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2004; April 2004; Toronto, ON.

2006

Syed MA. Title not available. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2006; April 2006; Toronto, ON.

Bessell-Browne R. Pheochromocytoma and paraganglioma: Risk of adverse events with IV nonionic contrast material for CT. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

Lanka B. Impact of Contrast-enhanced Ultrasound in a Tertiary Clinical Practice. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

Staunton M. Can CT Reliably distinguish moderately from poorly differentiated hepatocellular carcinoma? Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

Tang A. Hepatic Vein Transit Times Using a Microbubble Agent to Predict Severity of Hepatic Disease Noninvasively. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

2007

McInnes M. Dural Sinus Malformations: Underrecognised and Underpublished. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

Sarlieve P. Comparison of RECIST Criteria and Tumor Enhancement in Response to Sutent Therapy in Patients with Metastatic RCC. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2007; April 2007; Toronto, ON.

2008

Halankar J. Focal Liver Metastasis from Colon Carcinoma Cause IHBD Dilatation as Compared to Metastasis from Other Primary Malignancies and Primary Liver HCC. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2008; April 2008; Toronto, ON.

Sarlieve P. CT Imaging of Ablation Zones After Radiofrequency Ablation (RFA) of Kidney Tumors. Presented at: University of Toronto Department of Medical Imaging Annual Research Day 2008; April 2008; Toronto, ON.

RSNA Presentations

2001

Benjaminov O. Transvaginal Sonography of the Fallopian Tube. Presented at: RSNA 2001; December 2001; Chicago, IL.

Benjaminov O. Abdominal Computed Tomographic Findings in Adults with the Hypovolaemic Shock Complex. Presented at: RSNA 2001; December 2001; Chicago, IL. Presented at: RSNA 2001; December 2001; Chicago, IL.

Causer P. Transvaginal Sonography and Sonohysterography in Postmenopausal Women on Tamoxifen: Correlation with Hysteroscopy and Pathology. Presented at: RSNA 2001; December 2001; Chicago, IL.

Chawla T. Neoplasms of the Biliary Tree and Gallbladder: Multimodality Evaluation. Presented at: RSNA 2001; December 2001; Chicago, IL.

Chawla T. Fat-containing Lesions in the Abdomen and Pelvis: A Pictorial Essay. Presented at: RSNA 2001; December 2001; Chicago, IL.

Chawla T. Sonography of Pancreatic Transplants: Normal and Abnormal. Presented at: RSNA 2001; December 2001; Chicago, IL.

Chawla T. Pancreatic Transplant: Is Sonography an Optimal Modality for Assessing Complications? Presented at: RSNA 2001; December 2001; Chicago, IL.

Goh V. Sharing without Centralized Servers: Peer-to-Peer Networking of Radiology Teaching Files. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. Algorithmic Approach to CT Diagnosis of Bowel Wall Disease. Presented at: RSNA 2001; December 2001; Chicago, IL.

RSNA Presentations

Jhaveri K. Bowel Wall Halo Sign: Reliable CT Sign for Differentiating Benign from Malignant Bowel Disease. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. CT Urography: Technique, Protocol Modifications, Normal and Pathological Findings. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. Does the Administration of Saline Flush during CT Urography (CTU) Improve Ureteric Distension and Opacification? A Prospective Study. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. Current State-of-the-Art Imaging of Adrenal Disorders. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. CT Tumor Measurement and Assessment of Tumor Response: Unidimensional, Bidimensional, and Volumetric Techniques--Is There an Optimal Technique? Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. Effect of Multi-slice CT Technology on Scanner Productivity. Presented at: RSNA 2001; December 2001; Chicago, IL.

Jhaveri K. Dedicated Pancreatic Phase Protocol Multislice CT Compared to Endoscopic Ultrasonography (EUS) in the Assessment of Pancreatic Adenocarcinoma. Presented at: RSNA 2001; December 2001; Chicago, IL.

Metser U. Diagnosis and Treatment of Breast Fibroadenomas by Ultrasound-guided Vacuum-assisted Biopsy. Presented at: RSNA 2001; December 2001; Chicago, IL.

O'Riordan E. Manually Respiratory-triggered Single-shot Fast Spin-Echo Imaging: A Better Way to Detect and Characterize Liver Lesions? Presented at: RSNA 2001; December 2001; Chicago, IL.

Ryan M. Dropped Gallstones Post Laparoscopic Cholecystectomy Mimicking Peritoneal Seeding: CT and Ultrasound Features. Presented at: RSNA 2001; December 2001; Chicago, IL.

Ryan M. Performance of Computed Tomography in the Detection of Active Arterial Extravasation Following Blunt Abdominal Trauma. Presented at: RSNA 2001; December 2001; Chicago, IL.

RSNA Presentations

Ryan M. Abdominal Computed Tomographic Findings in Adults with the Hypovolaemic Shock Complex. Presented at: RSNA 2001; December 2001; Chicago, IL.

2002

Dhamanaskar K. MRI Directed Ultrasound: A Cost Effective Method for Diagnosis and Intervention in Breast Imaging. Presented at RSNA 2002; December 2002; Chicago, IL.

Metser U. Secondary Tumor Involvement of the Uterine Corpus and Cervix: Patterns of Spread and MR Imaging Findings. Presented at RSNA 2002; December 2002; Chicago, IL.

Patlas M. Helical CT after Endoaortic Graft Implantation: Defining Etiology of Endoleaks by Their Shape and Distribution. Presented at RSNA 2002; December 2002; Chicago, IL.

Power N. Bronchial Artery Embolisation: Indications and Technique. Presented at RSNA 2002; December 2002; Chicago, IL.

Riddell A. Primary Craniosynostosis: A Review of Imaging and Genetics. Presented at RSNA 2002; December 2002; Chicago, IL.

Ryan M. The Abdominal CT Findings of Hypovolemic Shock Complex in Adults Admitted Following Blunt Abdominal Trauma. Presented at RSNA 2002; December 2002; Chicago, IL.

2003

Burn P. Assessment of Extravesical Disease in Bladder Cancer: MRI vs Clinical Evaluation. Presented at: RSNA 2003; December 2003; Chicago, IL.

Causer P. Co-registration of MR and US Breast Images: In Vivo Evaluation of Accuracy. Presented at: RSNA 2003; December 2003; Chicago, IL.

RSNA Presentations

Causer P. Medial-Lateral Access MRI-guided Breast Localization System. Presented at: RSNA 2003; December 2003; Chicago, IL.

Chawla T. Evaluation of Fistulizing Perianal Inflammatory Disease in Crohn Patients: Concordance of MRI and Transperineal Sonography. Presented at: RSNA 2003; December 2003; Chicago, IL.

Dhamanaskar K. Does CE-MR of the Breast Underestimate Invasive Lobular Cancer? MR Findings: Correlation with Conventional Imaging and Post-excisional Pathology. Presented at: RSNA 2003; December 2003; Chicago, IL.

Dhamanaskar K. Transvaginal Sonography (TVS): A Better Technique than Transrectal Ultrasound (TRUS) for Staging Rectal Cancer in Women? Presented at: RSNA 2003; December 2003; Chicago, IL.

Goh V. Inter and Intra-Observer Agreement in Computed Tomography (CT) Perfusion Imaging of Colorectal Cancer. Presented at: RSNA 2003; December 2003; Chicago, IL.

Jang HJ. Nodular Hepatocellular Carcinoma with Prolonged Enhancement at Triple-Phase Helical CT: Histopathologic Correlation. Presented at: RSNA 2003; December 2003; Chicago, IL.

Jang HJ. Triple-phase Helical CT in Liver Cirrhosis: What Can We See More and Better on Delayed Phase Scan? Presented at: RSNA 2003; December 2003; Chicago, IL.

Jang HJ. The Efficacy of CT Gastrography and Multiplanar Image for Diagnosis of Stomach Cancer. Presented at: RSNA 2003; December 2003; Chicago, IL.

Jhaveri K. Considerations for Ultra-High Parallel MRI Reduction Factors in Long Echo Train Fast Spin Echo Sequences: Application to MR Cholangiography. Presented at: RSNA 2003; December 2003; Chicago, IL.

Jhaveri K. Accuracy of MRI in Differentiation between Cervix vs Endometrial Origin of Adenocarcinoma in Patients with a Cervix Mass. Presented at: RSNA 2003; December 2003; Chicago, IL.

Jhaveri K. MRI for Hyperdense (10HU) Adrenal Nodules: Does It Still Have a Role? Presented at: RSNA 2003; December 2003; Chicago, IL.

RSNA Presentations

Kim TK. Bleeding after US-guided Percutaneous Liver Biopsy: Predictive Findings at Doppler US Examination Immediately after the Biopsy Procedure. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Arterioportal Shunts Associated with Focal Hepatic Lesions: A Pictorial Review. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Hepatic Venous Congestion in the Anterior Segment of the Graft after Living Donor Liver Transplantation Using Right Lobe: Characteristic Findings at Doppler Ultrasound Examination. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. MR Cholangiography of Benign and Malignant Hilar Bile Duct Obstruction: A Pictorial Review. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Tumor Ablation Therapy for Hepatocellular Carcinoma: Comparison of Only Radiofrequency Ablation and Radiofrequency Ablation Combined with Chemoembolization. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Primary and Metastatic Malignant Melanomas in the Gastrointestinal Tract: CT Findings with Clinicopathologic Correlation. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Atypical Manifestations of Recurrent Gastric Carcinoma Following Gastrectomy: Spectrum of CT Features. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. The Limited Value of Doppler Ultrasound in the Assessment of Hepatic Arterial Complications in the Early Postoperative Period of Living Donor Liver Transplantation: A Prospective Study of 229 Transplants. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Tumor-mimicking Chronic Pancreatitis: A Pictorial Review. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Performance of CT Gastroscopy Using Multidetector Row CT in Evaluating Gastric Cancer. Presented at: RSNA 2003; December 2003; Chicago, IL.

RSNA Presentations

Kim TK. Surgical Drains Commonly Seen in Postoperative Abdominal CT: Spectrum of Appearances and Complications. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Early Postoperative Bleeding Following Living Donor Liver Transplantation: Characteristic CT Findings with Emphasis on Bleeding Sites. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Value of "Patent Tract Sign" at Doppler US Examination after Percutaneous Liver Biopsy in the Detection of Post-biopsy Bleeding: A Prospective Study in 114 Patients. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Acute Pancreatitis: Role of Multi-slice CT. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Preoperative Staging of Gastric Cancer: Comparison of Two-dimensional and Three-dimensional Images with Multidetector Row CT. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Mn-DPDP-enhanced 3D T1-weighted MR Cholangiography in Addition to the Conventional T2-weighted MR Cholangiography. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Pattern Analysis of Defecography in Patients with Chronic Constipation: Comparison with Colon Transit Time Study (CTTS) in 565 Patients. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Differentiation of Extrahepatic Cholangiocarcinoma from Benign Bile Duct Stricture: Findings on MR Cholangiopancreatography and ERCP. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Doppler Ultrasound of Hepatic Vein Stenosis after Living Donor Liver Transplantation. Presented at: RSNA 2003; December 2003; Chicago, IL.

Kim TK. Auto-immune Pancreatitis: Radiologic Findings in 10 Patients. Presented at: RSNA 2003; December 2003; Chicago, IL.

Metser U. Fungal Infection of the Liver in Immunocompromised Patients: Detection with Multiphasic Contrast-enhanced Helical CT. Presented at: RSNA 2003; December 2003; Chicago, IL.

RSNA Presentations

Moulding F. MR Imaging in Anal Carcinoma. Presented at: RSNA 2003; December 2003; Chicago, IL.

Patlas M. Accuracy of MRI in Differentiation between Cervix vs Endometrial Origin of Adenocarcinoma in Patients with a Cervix Mass. Presented at: RSNA 2003; December 2003; Chicago, IL.

Patlas M. Gaucher Disease: Spectrum of US Findings in the Liver. Presented at: RSNA 2003; December 2003; Chicago, IL.

Rao A. Fat Containing Abnormalities of the Thorax. Presented at: RSNA 2003; December 2003; Chicago, IL.

Riddell A. Considerations for Ultra-High Parallel MRI Reduction Factors in Long Echo Train Fast Spin Echo Sequences: Application to MR Cholangiography. Presented at: RSNA 2003; December 2003; Chicago, IL.

Roach S. MR Imaging in Anal Carcinoma. Presented at: RSNA 2003; December 2003; Chicago, IL.

Roach S. Acute Pancreatitis: Complications and Clarification of Terminology. Presented at: RSNA 2003; December 2003; Chicago, IL.

Roach S. Small Bowel Obstruction: A Pictorial Review of CT Features and Pitfalls. Presented at: RSNA 2003; December 2003; Chicago, IL.

Roach S. Does CT Have a Role in the Pre-operative Staging of Rectal Carcinoma: Correlation of CT and Histology. Presented at: RSNA 2003; December 2003; Chicago, IL.

Ryan S. Doppler Rescue: A Review of Doppler Ultrasound of Large Vessels Using Microbubble Contrast. Presented at: RSNA 2003; December 2003; Chicago, IL.

2004

Coret A. Does Severe Stress Increase the Size of the Adrenal Glands on Cross Sectional Imaging? Presented at RSNA 2004; December 2004; Chicago, IL.

RSNA Presentations

Jang HJ. Focal Hepatic Lesions: Contrast-enhanced Gray-scale Harmonic US. Presented at RSNA 2004; December 2004; Chicago, IL.

Jang HJ. Hepatic Hemangioma: Friend or Foe? Presented at RSNA 2004; December 2004; Chicago, IL.

Kim TK. Nodules in Liver Cirrhosis: The Added Benefit of Contrast-enhanced Ultrasound to Standard Imaging Techniques. Presented at RSNA 2004; December 2004; Chicago, IL.

Kim TK. Characterization of Hepatic Nodules in Patients at High Risk for Hepatocellular Carcinoma with Contrast-enhanced Ultrasound. Presented at RSNA 2004; December 2004; Chicago, IL.

Kim TK. Introduction of Contrast-enhanced Hepatic Ultrasound into Routine Clinical Practice. Presented at RSNA 2004; December 2004; Chicago, IL.

Kim TK. Lesions and Pseudolesions Related to Hepatic Steatosis: Pictorial Review. Presented at RSNA 2004; December 2004; Chicago, IL.

Low A. Gastro-Duodenal Stents for the Palliation of Malignant Gastric Outlet Obstruction: Experience in a Large Single Centre. Presented at RSNA 2004; December 2004; Chicago, IL.

Power N. Imaging of Diaphragmatic and Associated Injuries. Presented at RSNA 2004; December 2004; Chicago, IL.

Power N. Imaging of Ilio-Anal Pouches. Presented at RSNA 2004; December 2004; Chicago, IL.

Power N. Imaging of Cystic Liver Lesions. Presented at RSNA 2004; December 2004; Chicago, IL.

Power N. The Imaging Spectrum of Cholangiocarcinoma. Presented at RSNA 2004; December 2004; Chicago, IL.

Power N. Thyroid Biopsy: Aspiration or Capillary Technique. Presented at RSNA 2004; December 2004; Chicago, IL.

RSNA Presentations

Power N. A Review of the CT Appearances of Hypovolaemic Shock. Presented at RSNA 2004; December 2004; Chicago, IL.

Rao A. Pulmonary Angiitis and Granulomatosis: A Pictorial Essay. Presented at RSNA 2004; December 2004; Chicago, IL.

Rao A. Quantitative Assessment of Nodule Detectability in Chest CT: Delving the Low-Dose Limits. Presented at RSNA 2004; December 2004; Chicago, IL.

Rao A. Pitfalls of Thoracic CT: Normal Anatomical Structures That Can Simulate Disease. Presented at RSNA 2004; December 2004; Chicago, IL.

2005

Doyle D. Biometric Analysis of Pulmonary Vessels in Pulmonary Arterial Hypertension. Presented at RSNA 2005; December 2005; Chicago, IL.

Jang HJ. Enhancement Patterns of Nodular Hepatocellular Carcinoma on Contrast-enhanced Ultrasound: Contribution of an Extended Portal Phase Evaluation. Presented at RSNA 2005; December 2005; Chicago, IL.

Jang HJ. Focal Nodular Hyperplasia and Hepatic Adenoma: Differentiation with Microbubble-enhanced Sonography. Presented at RSNA 2005; December 2005; Chicago, IL.

Jang HJ. Are Metastases Really Hypovascular in the Arterial Phase? The Perspective on Contrast-enhanced Ultrasound. Presented at RSNA 2005; December 2005; Chicago, IL.

Kim TK. Focal Nodular Hyperplasia and Hepatic Adenoma: Differentiation with Microbubble-enhanced Sonography. Presented at RSNA 2005; December 2005; Chicago, IL.

Kim TK. Are Metastases Really Hypovascular in the Arterial Phase? The Perspective on Contrast-enhanced Ultrasound. Presented at RSNA 2005; December 2005; Chicago, IL.

RSNA Presentations

Kim TK. Enhancement Patterns of Nodular Hepatocellular Carcinoma on Contrast-enhanced Ultrasound: Contribution of an Extended Portal Phase Evaluation. Presented at RSNA 2005; December 2005; Chicago, IL.

Kim TK. Gastrointestinal (Ultrasound: Liver, Contrast-enhanced). Presented at RSNA 2005; December 2005; Chicago, IL.

Murphy-Lavallee J. Are Metastases Really Hypovascular in the Arterial Phase? The Perspective on Contrast-enhanced Ultrasound. Presented at RSNA 2005; December 2005; Chicago, IL.

Murphy-Lavallee J. Focal Nodular Hyperplasia and Hepatic Adenoma: Differentiation with Microbubble-enhanced Sonography. Presented at RSNA 2005; December 2005; Chicago, IL.

Murphy-Lavallee J. Enhancement Patterns of Nodular Hepatocellular Carcinoma on Contrast-enhanced Ultrasound: Contribution of an Extended Portal Phase Evaluation. Presented at RSNA 2005; December 2005; Chicago, IL.

Rao A. Computed Tomography (CT)-guided Neurolytic Celiac Plexus Block (NCPB) in Abdominal Malignancies: Indications, Technique, Complications, and Efficacy Assessment. Presented at RSNA 2005; December 2005; Chicago, IL.

Rao A. A Comparative Study of Patient Compliance and Diagnostic Yield during Computed Tomography (CT) Guided Fine Needle Aspiration Biopsy (FNAB) of Superior Mediastinal Masses by Suprasternal Route versus Transpulmonary Approach. Presented at RSNA 2005; December 2005; Chicago, IL.

Staunton M. Intracranial Infection: The Spectrum of MR Appearances. Presented at RSNA 2005; December 2005; Chicago, IL.

2006

Aguirre D. Super-Paramagnetic Iron Oxide (SPIO)-enhanced 2D MR Increases HCC Staging Accuracy Compared to Gadolinium (Gd)-enhanced Dynamic 3D MR. Presented at: RSNA 2006; December 2006; Chicago, IL.

Aguirre D. Multimodality Imaging Findings of Abdominal Wall Hernias and Their Complications. Presented at: RSNA 2006; December 2006; Chicago, IL.

RSNA Presentations

Aguirre D. HCC Surveillance Methods: Biomarkers and Imaging Techniques—Interpretation, Accuracy, Limitations, and Pitfalls. Presented at: RSNA 2006; December 2006; Chicago, IL.

Aguirre D. Appearance of Liver Fibrosis on in Vivo US, CT, and MR Imaging with Pathology and ex Vivo Imaging Correlation. Presented at: RSNA 2006; December 2006; Chicago, IL.

Haider E. Congenital and Acquired Disorders of the Spleen: Spectrum of Disease and Role of Cross-sectional Imaging. Presented at: RSNA 2006; December 2006; Chicago, IL.

Ho A. MR Imaging of the Breast Postradiation Therapy: A review of the Normal, Acute, and Chronic Changes. Presented at: RSNA 2006; December 2006; Chicago, IL.

Lanka B. Impact of Contrast-enhanced Ultrasound in a Tertiary Clinical Practice. Presented at: RSNA 2006; December 2006; Chicago, IL.

Syed MA. Image Postprocessing Techniques in Multidetector Row CT (64-Slice) Coronary Angiography. Presented at: RSNA 2006; December 2006; Chicago, IL.

Tang A. Hepatic Vein Transit Times Using a Microbubble Agent to Predict Severity of Hepatic Disease Noninvasively. Presented at: RSNA 2006; December 2006; Chicago, IL.

2007

Aguirre D. Tumoral Biomarkers: What the Radiologist Needs to Know. Presented at: RSNA 2007; December 2007; Chicago, IL.

Aguirre D. Imaging Patterns of Abnormal Iron Deposition in the Abdomen. Presented at: RSNA 2007; December 2007; Chicago, IL.

RSNA Presentations

Haider E. Imaging Patterns of Abnormal Iron Deposition in the Abdomen. Presented at: RSNA 2007; December 2007; Chicago, IL.

Sarlieve P. Greater Occipital Nerve Infiltration Under CT Guidance: First Results in 41 Patients Underlining the Interest of Aiming at Two Possible Proximal Conflicting Sites. Presented at: RSNA 2007; December 2007; Chicago, IL.

2008

Aguirre D, Halankar, J. Intrahepatic Bile Duct Dilatation Due to Colorectal Liver Metastases: A Peculiar Diagnostic Clue. Presented at: RSNA 2008; December 2008; Chicago, IL.
