Equipment

- Glass mortar and pestle
- 125mL graduated measure
- Glass stirring rod

10mL clean amber bottle x1
Shrink seal x1

Procedure

1. Mix Ora-Plus® and Ora-Sweet® together. Stir well
2. Crush tablets in the mortar with pestle into a fine powder.
3. Levigate powder with a small amount of vehicle until a smooth paste is formed. Add more vehicle to the paste until a liquid is formed. Transfer the contents into the graduate.
4. Use additional vehicle to rinse the remaining drug from the mortar and add it to the graduate.
5. Make up to the final volume with vehicle. Stir well.
6. Transfer the suspension into the amber bottle.
7. Label and affix shrink seal.

Storage: Room temperature
Expiry: 60 days
