Equipment

- Glass mortar and pestle
- 125mL graduated measures
- Glass stirring rod
- 100mL amber glass bottle x1
- Shrink seal x1

Procedure

† 1. Measure and mix together the Ora-Sweet® and Ora-Plus®. Let the tablets soak in the mortar with some vehicle (leave for at least 20 minutes so tablets become easier to crush).

† 2. Then Levigate tablets with a small amounts of Vehicle until a smooth paste is formed. Add more Vehicle to the paste until a liquid is formed. Transfer the contents into the graduate. Use additional Vehicle to rinse the remaining drug from the mortar and add to the graduate.

† 3. Make up to the final volume with Vehicle. Stir well.

† 4. Transfer the suspension into the amber bottle.

† 5. Label and affix shrink seal.

Storage: Room temperature

Expiry: 60 days
