Note: It is strongly recommended that individual placement request forms be forwarded well in advance of the application deadlines indicated above. Each placement request submitted through HSPnet must be preceded by submission of a placement request form via email.

Placement requests will not be accepted after the submission deadlines.

Students who are placed at SickKids are required to contact the designated Interprofessional Education Specialist during the specified period to schedule an informational interview. Contact details for each clinical area will be provided once placements have been confirmed.

Due to the high volume of requests received each term, SickKids regrets that we are unable to accommodate all qualified applicants for pediatric placements in both inpatient and outpatient areas.

For further inquiries, please contact us at nursing.studentplacements@sickkids.ca or at 416-813-6752.
